EMPOWERING TODAY'S PROFESSIONALS

etp Network

Running the Business of ME

ETP has been serving the global community since 2004. It seeks to educate and empower all professionals to proactively manage their careers by adopting a major shift in attitude so that members begin to think and act like CEOs of ME, Incorporated, their own career management enterprises. This attitudinal shift is reinforced by leveraging the cooperation of like-minded, self-empowered fellow members.

SOME TESTIMONIALS ... FROM HUNDREDS WHO HAVE LANDED SAFELY

I landed a position last week with a Fortune 500 company; I'll be working as a Sales Engineer. If not for the help I received through ETP, I would still be searching and/or have settled for something less. - John

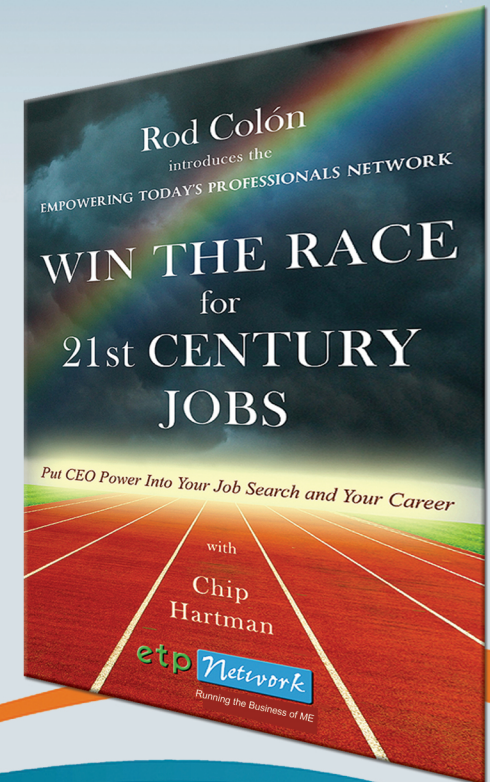

Being part of the network helped me to be aware of market requirements. In addition, when I receive e-mails from members who have landed it inspires me to not give up and keep trying. - Cecilia

I have landed. For my good friends in ETP who may be in transition, please accept this suggestion: follow the program; you have nothing to lose by doing so and, from experience, so much to gain! - Chuck

Thank you for all of your training, support and encouragement through a difficult time for me this year. I look forward to continued networking and paying it forward! - Luevonia

I would like to suggest to everyone that they be on the ETP Wednesday night phone calls. No excuses! I have done this and landed two part time jobs using the ETP method in the last three months - Michael

Because of your help, support and advice (and a great deal of hard work), I have landed the correct job for the CEO of Me, Inc.. - Susanne
